STAFF

Field Reviewers

For 2024 we have 4 Full Time Equivalent Field reviewers available to accomplish review requirements which include protest reviews, pick-up, permit, preliminary value, and sales review work. They go on appointments and help property owners with all queries and explanations. The field staff are currently all using 'Surface Pros' to do their field work. This greatly enhances the amount of work that can be done and cuts down on the amount of time spent in the office. The Surface Pros also take pictures and automatically update the property records. They allow reviewer the opportunity to show property owners the information in their property record while on site. All field reviewers are prepared to assist with other areas of responsibility when necessary. They can wait on the counter and help with questions and forms.

Activities Performed During Preliminary Values, Neighborhood Review, Sales Review, Protest Review and Pickup Work

These reviews include:

- Re-measuring house, sheds and outbuildings as necessary.
- Evaluating Quality / Condition and noting if remodeling has taken place.
- Noting kitchen and bathrooms Q / C and pictures taken.
- Evaluating the siding including calculation of percentage of brick veneer
- Obtaining the number of plumbing fixtures
- Obtaining the amount of basement finish
- Establishing an attached and/or detached garage and its size, condition and interior finish
- Re-measuring and recording all miscellaneous improvements – porches, decks, covered or uncovered entries, garage finish, walkout basement, garden level basement, egress windows and measuring concrete patios if changed
- Taking pictures front / back of main building and outbuildings
- Updating the parcel record with any changes observed and noted.
- Checking drawings to 1" = 20' Scale
- Entering pictures, notes, and adjustments in the CAMA system.

Office Staff for 2024

There are 3.0 office staff employees. They assist at the counter, answer phone calls, answer questions, wait on the public and do day-to-day duties. All of them can assist with Homestead and Personal Property. Two people assist with sales entry, Permissive Exemption properties and special projects. Two of the clerical staff do most of the reports and information for the state.

The deputy does special inquiries, sending sales verifications, entering sales and trouble shooting. She also handles Computer information, MIPS updates and checks input for accuracy. If needed, the deputy aids with review work and assists in every aspect of anything that needs to be done in the office.

Conclusion

There are 26,000+ parcels in Buffalo County with modest increases in the number of parcels in the last 5 years. Those properties scheduled for review in 2024 and protested properties will be reviewed this summer as well as neighborhoods which have signs of inequality within them.

Rural residential properties in the same township and range areas will be reviewed as well as acreages around Kearney. Multiple neighborhoods in Kearney are being reviewed. Land values for residential neighborhoods, acreages and rural home-sites will be reviewed. Residential depreciation and effective age will be closely monitored in Kearney, small towns, acreages and rural home sites.

We are realigning the review process in Kearney so the six areas of town are reviewed one each in the six-year process rather than in bits and pieces. This would make the sales reviews and studies much more understandable. We are combining some neighborhoods in Kearney as there are neighborhoods with very few parcels. This will result in some neighborhoods being review a little sooner than the 6 years, in order to make the numbers more even throughout the 6 years.

Special Value and Agricultural properties, as well as acreages, are reviewed and updated in the new review configuration.

We are visiting with many folks, especially those that file protests every year. We also are working on making sure the costing information on all records is as complete and correct as possible.

Commercial properties and sales continue to be reviewed. Many commercial neighborhoods have been realigned, values will be examined along with occupancy codes versus price/ sq. ft. We have requested and are receiving income data from multiple commercial owners and will continue to work on moving to income and expense information for 2025 for the majority of commercial properties.

We will do preliminary values again in 2025 which will allow property owners to come in and visit with us before the actual 2025 values are set. This was a successful use of time in past years.

Respectfully submitted, July 15, 2024

Roy Meusch
