## Facility AUDIT FINDINGS

### Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

<b>42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</b>	<p>The auditor conducted interviews with random and targeted Inmates. The in-house Inmates population on the first day of the onsite review was 140. All reasonable efforts were made to conduct the required number of targeted Inmates interviews. The auditor selected additional Inmates from the available targeted populations and increased the number of random Inmates interviews to ensure that the appropriate numbers of Inmates were interviewed. There was a total of 20 formal Inmates interviews conducted. The auditor selected Inmates randomly by using a full roster provided at the beginning of the on-site review. Interviews were conducted with at least one Inmates for each living area of the facility.</p>
<b>43. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</b>	<p> <input checked="" type="radio"/> Yes  <input type="radio"/> No         </p>

<b>Targeted Inmate/Resident/Detainee Interviews</b>	
<b>45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	<p>4</p>

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

**71. Did you have access to all areas of the facility?**

☒ Yes

☐ No

**Was the site review an active, inquiring process that included the following:**

**72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?**

☒ Yes

☐ No

**73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?**

☒ Yes

☐ No

**74. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?**

☒ Yes

☐ No

**75. Informal conversations with staff during the site review (encouraged, not required)?**

☒ Yes

☐ No

<b>76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</b>	No text provided.
---	-------------------

### Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<b>77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b>	<input checked="" type="radio"/> Yes  <input type="radio"/> No

## SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

### Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	4	4	4	4
<b>Staff-on-inmate sexual abuse</b>	1	1	1	1
<b>Total</b>	5	5	5	5

**80. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

<b>Staff-on-inmate sexual harassment</b>	0	0	0	0
<b>Total</b>	10	10	10	10

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

#### 81. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted

Site Review Observations:

1. Observations during on-site review of physical plant

(a) The BCJ uses information from the risk screening required by § 115.41, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive, to inform: housing assignments, bed assignments, work assignments, education assignments and program assignments. The interview with the PREA Coordinator and random staff responsible for risk screening confirmed how the risk screening is utilized.

(b) The BCJ makes individualized determinations about how to ensure the safety of each inmate based on information gathered during the risk screening. Random staff interviews confirmed that all information gathered is used to ensure the safety of each inmate.

(c) When deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, the BCJ supervisory staff determines the inmates housing assignment after review of the inmate records, assessments and an interview with the inmate. The BCJ did not have any transgender inmates during the onsite visit.

(d) The BCJ PREA Policy requires that placement and programming assignments for each transgender or intersex inmate is reassessed at least twice each year to review any threats to safety experienced by the inmate.

(e) The BCJ supervisory staff meets with transgender or intersex individuals to discuss the inmate's own views with respect to his or her own safety and will give serious consideration when making facility and housing placement decisions and programming assignments.

(f) Transgender inmates at the BCJ are given the opportunity to shower separately from other inmates.

(g) The BCJ does not place lesbian, gay, bisexual, transgender, or intersex inmates in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such inmates. The BCJ does not have a dedicated unit or wing solely on the basis of identification or status.

Site Review Observations:

1. Observations during on-site review of physical plant

(a) The BCJ requires all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency. It also requires staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding retaliation against inmates or staff who reported an incident of sexual abuse or sexual harassment. Lastly, staff must report immediately and according to any knowledge, suspicion, or information regarding any staff neglect or violation of responsibilities that may have contributed to an incident of sexual abuse or sexual harassment or retaliation. Interviews conducted with staff showed they understood their duty to report any instances or suspected instances of sexual abuse. Staff was also aware of their duty not to discuss the allegations.

(b) Apart from reporting to designated supervisors or officials, the BCJ staff refrains from revealing any information related to a sexual abuse report to anyone other than to the extent necessary, as specified in agency policy, to make treatment, investigation, and other security and management decisions. The staff was able to clearly articulate during the interviews the importance of keeping the information confidential.

(c) The BCJ does not have in house medical or mental health staff. However, the BCJ has provided information to community health providers to inform inmates of the practitioner's duty to report, and the limitations of confidentiality, at the initiation of services

(d) The BCJ does not house inmates under the age of 18, if the victim is considered a vulnerable adult staff must report the allegation to the designated State or local services agency under applicable mandatory reporting laws

(e) BCJ staff report all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to the Jail Administrator and/or PREA Compliance Manager for investigation. Staff interviewed were aware of their reporting responsibilities.

Based upon the review and analysis of all of the available evidence, the auditor has determined that the agency is fully compliant with this standard.

	<p>1. Observations during on-site review of physical plant</p> <p>(a) The BCJ has an established policy to protect all inmates and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other inmates or staff, and shall designate which staff members or departments are charged with monitoring retaliation. The BCJ has designated the PREA Coordinator to conduct the monitoring.</p> <p>(b) The BCJ has multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.</p> <p>(c) The PREA Coordinator will for at least 90 days following a report of sexual abuse, monitor the conduct and treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff, and shall act promptly to remedy any such retaliation. The PREA Coordinator also monitors any inmate disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. The PREA Coordinator may continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need.</p> <p>(d) The PREA Coordinator conducts status checks and that information is documented on the 90 day Review and Tracking form.</p> <p>(e) The PREA Coordinator also monitors any individual who cooperates with an investigation and who expresses a fear of retaliation, and they will take appropriate measures to protect that individual against retaliation.</p> <p>Based upon the review and analysis of all of the available evidence, the auditor has determined that the agency is fully compliant with this standard.</p>
