**FOR IMMEDIATE RELEASE**

**BUFFALO COUNTY LAUNCHES BEACON™ ONLINE PORTAL**

BUFFALO COUNTY, NEBRASKA. – (June 26, 2024) – Following a careful review process and a confident recommendation, Buffalo County, Nebraska is proud to announce that it has selected Schneider Geospatial’s Beacon™ product as the foremost applicable vendor for its Geographic Information Systems (GIS) as of July 1, 2024.

Schneider Geospatial is a leading provider of geospatial solutions for the GovTech industry. With a strong commitment to innovation and customer success, Schneider Geospatial empowers government agencies with comprehensive solutions and expert services to optimize and improve decision-making while enhancing public service delivery. Schneider Geospatial hosts similar sites for over 1,000 organizations across the nation.

Buffalo County’s Beacon™ web portal will feature a publicly-accessible site that includes important property taxation and assessment information, in-depth search capabilities, property reports with sketches and photos. Beacon™ also provides users the ability to view an interactive map of the County’s GIS data and aerial photography, as well as convenient tools to collect specific parcel information.

Because all website set-up, development, hosting and maintenance tasks are handled by Schneider Geospatial, there is no need for Buffalo County to purchase additional equipment.

Training for the public will be announced; please visit Buffalo County’s website, <https://buffalocounty.ne.gov/HOME>, for the upcoming training.

For information on Schneider Geospatial’s Beacon™ product, please visit <http://www.beacongis.com> or <http://www.schneiderGIS.com>.
